

## **Boreal Cranes and Tessier : a fine example of synergy**

Present at *Quai de la Reine* pier on the St. Lawrence River, Tessier Limited could count on the help of Boreal Cranes Inc. to meet the needs of its customer EBC. The recent creation of this new company by Groupe Desgagnés Inc. for crane rental is already bearing fruit.

The crawler crane 330 tons Sany SC8300 of Boreal Cranes Inc. was called in reinforcement in June to complete complex jobs piling. The capacity of the machine and its productivity level helped lead this mission. For example, we want to reinforce the idea that Tessier Limited and Boreal Cranes Inc. aim to work together, to serve adequately and professionally regions of Quebec and Labrador.

For most equipment, fleets of Tessier and Boreal Cranes can be called to intervene in any of the laws according to the needs of our customers. We pursue the goal of providing the same level of excellence in our two sister companies. We firmly believe that teamwork and collaboration will enable us to reach new heights of excellence.

## **Kayak challenge Desgagnés Montreal-Quebec, a success!**

**At the front of the first kayak: Mr. Louis-Marie Beaulieu, Chairman and CEO – Groupe Desgagnés Inc.**

**Above: François Desgagnés and Serge Boulay**

Kayak Challenge Desgagnés Montreal-Quebec in favor of Young Musicians of the world took place on August 18, 19, 20 and 21. Proud sponsor of the event, Desgagnés had its own team of 11 employees and 7 accompanists.

Under a beautiful blazing sun, they all have risen to the challenge with brio. A total of \$ 111 500 was raised.

Team Desgagnés – Group 2 was formed by our colleagues of Tessier, Jean-Pierre Amyot, fleet maintenance superintendent and his wife, Hélène Lafrance, François Desgagnés, Operations Assistant and Serge Boulay, Stevedoring Foreman, all paddled tandem least 32 km a day, sometimes up to a distance of a full day, or 65 km.

Desgagnés is proud to have contributed, once again, to raise money for the full development of young people living in socio-economic vulnerability.

Congratulations to all those who paddled to the cause of youth, wishing you will be with us again next year!

## Team Boreal Cranes at the Regatta Day

Jake Barbour, Brandon Hardatt,  
Nicole Hope, Michael Lalumière et Cameron Youden

On July 29<sup>th</sup> was held the 44<sup>th</sup> Annual Regatta in Wabush. This major regional event concurs with a statutory holiday, Regatta Day, promoting the participation of Wabush, Labrador City, Fermont and the surroundings communities. Regatta Day is celebrated throughout the Labrador, but at different times from one region to another.

For its first year, Boreal Cranes sponsored a rowing team, in collaboration with Carol Auto Ford dealer.

This year, 28 teams participated in the different waves, which represent a race every 30 minutes. This rowing competition is divided into 1.8 km races, commonly called waves, crossing the Jean Lake in a straight line in an average time of five minutes.

Boreal Cranes took part in the first wave of the day in the men's intermediate age category. We wish to congratulate them for winning their spot in the final race of their category. During their last 1.8 km sprint, our team was in the leading position in the first quarter of the race, but under the effects of adrenaline and bad luck, the sliding bench of one of our rower broke so our team could not finish the race.

All are looking forward to next year's 45<sup>th</sup> edition, which will coincide with the 50<sup>th</sup> anniversary of Wabush.

## Certification renewal ISO 9001 – 2015

### ***Our Quality Policy :***

**« Always innovate with  
effective services for  
satisfied customers »**

For 70 years, Tessier Limited has developed a wide range of skills always with the challenge of improving the quality of its services in order to develop a relationship of partnership with its clients.

In this regard, the company implemented a quality management system with the requirements of ISO 9001 and has been for almost 18 years. We are proud that we got the new accreditation to the ISO 9001-2015 standard as part of our re-certification of the quality assurance system.

Compliance of our quality system to the requirements of ISO reflects the work done by all to maintain our consistent certification. Strict management of documentation, diligent monitoring of files, concrete steps to achieve the goals, that's sort of the structure established by the ISO standard. All of our employees are involved and trained to achieve the goals of the standard. We are proud to have established a quality system appropriate to the enterprise with a continuous improvement process.

This certification allows Tessier Limited to continue to grow and being a leading partner for its customers by remaining a successful and recognized business.
